Projects

Portfolio Aug - 2024

<https://najath-portfolio.vercel.app/>

I built my portfolio website using HTML, Tailwind CSS, and JavaScript, showcasing my skills and projects while demonstrating my proficiency in modern web development technologies. Throughout the development process, I contributed significantly by finding effective solutions to various front-end challenges.

Followed Courses	UX Design Course	present
	Google offered through Coursera	
	Introduction to JAVA OOP (2023)	present
	University of Pennsylvania offered through Coursera	
	Agile Leadership: Introduction to Change (2023)	
	University of Colorado System and offered through Coursera	
	Managing the Company of the Future (2023)	
	University of London and London Business School and offered through Coursera	

Personal Skills	I am knowledgeable in Object-Oriented Programming (OOP) and Agile methodologies, with proficiency in development tools such as VS Code, IntelliJ. I have experience creating UML diagrams and possess strong communication and teamwork skills. Additionally, I have a solid understanding of front-end development, including HTML, CSS, and JavaScript, enabling me to contribute effectively to both the technical and collaborative aspects of projects.
